**INNOVATE CV**  
DYNAMIC RESULTS

Global interactive CV platform Innovate CV has launched its Career & Training Centre to give online training for candidates.

The centre provides candidates with creative and interactive training, testing and career counselling courses to give them skills and knowledge in securing their ideal job, as well as ongoing training and support during their careers.

.....

.....

It also hosts profile interviews with professionals, including industry experts and speakers, and global board directors from a variety of industries, offering tips to candidates looking to enter their profession, and some practical advice on being successful once they land their dream job.
